

Reflective Decals

Each kit enables easy customization of your bike frame, helmet, rims, and accessories. Reflective Bike Decals are not intended as a substitute for safety lights, but will greatly increase your visibility on the road.

Make your night riding safer with reflective decals. They contain fine glass beads that reflect light back to its source.

Each Kit contains ;

51 individual decals allowing easy customization of your bike frame, helmet, rims and accessories. They are available in seven colours as you can see on the above pictures.
